

## ABBOTSWAY KENNELS NEWSLETTER MARCH 2021

We hope this Newsletter finds you safe and well and coping with the Coronavirus related challenges we still face. We would like to thank all those customers who have sent us messages of support and encouragement during this difficult period. As the vaccination programme gathers pace we are all, at last, able look to the future with more confidence.

Many of you have been in touch about making bookings and we confirm that we are open and taking bookings for later in the year. In fact we are already becoming very busy during the summer period and advise you to book your dogs in early if you are now planning some holidays.

We would remind you that we are still open for Day Care so please get in touch if we can help - your dogs will benefit from a break from lockdown and some socialisation just as much as you would! At the present time we are unable to offer our Grooming Services but we hope that these will soon become available, probably by May.

When you next visit the Kennels please remember that our Coronavirus measures must remain in place at the present time. We ask you not to visit if you have any of the publicised Covid symptoms. On arrival please remain in your car until contacted by a member of staff and then please wear a mask and maintain a safe distance.

During the current lockdown we have been busy working on a number of improvement projects at the Kennels. We have just started on a significant project to develop a new and more up to date web site – watch this space!

We have also decided to open a small specialised retail shop at the Kennels in response to your many requests. We will be selling a range of our own branded foods specially selected from natural ingredients including grain free. There will be a variety of flavours to choose from and ingredients to suit each individual to meet their palette and digestive requirements. Also available will be the ever popular raw diet as well as chews and treats with pure honest ingredients.

We would be delighted to receive any thoughts and suggestions that you may have about both our web site and our shop, particularly about any new features and products which you would find useful.

In summary we are open for Day Care and Dog Boarding bookings and we hope to welcome you back to the Kennels before too long.

In the meantime we send you all our Best Wishes and look forward to seeing you soon
